A one-time registration is necessary. Afterwards you will receive a confirmation email. You then have to activate your account online in order to search through the housing advertisements. Furthermore you can find a bill-board at the Infoladen.

Housing for help

<http://www.swfr.de/de/wohnen/wohnen-fuer-hilfe/>

An alternative to a room in a dormitory is offered through the Studentenwerk's "Housing for Help" program. There are very affordable housing accommodations for students, who are willing to help out around the owner's house. Such help could consist of shopping, working in the garden or taking care of children. Office hours: Tue + Thu 9.00-12.00 or by appointment

Emergency housing

<http://www.swfr.de/de/wohnen/wohnheime/notunterkuenfte/>

At the beginning of every winter semester we set up an emergency housing option for those students who are just beginning their studies and have not yet found housing.
